Subject: Tennis Camp Follow-Up

I would like to thank all of you for giving me the opportunity to attend the 3rd Annual National Wounded Warrior Tennis Camp. It is difficult to express in words how much this camp meant to those of us who had the privilege of attending. The help and support your team gave us is priceless. Knowing that people take time out of their lives to help veterans they have never met is very touching and truly appreciated in ways I cannot express. I want all the staff, volunteers and supporters to know how much I appreciate this program. You are truly making a difference in so many lives.

We absolutely had a blast. As a group we were able to smile, laugh, and bond and most importantly we were shown that people care about us. Getting to know the sport of tennis was simply incredible. I want to express how much your support has brightened our lives. It has been a pleasure meeting all of the veterans that participated in this camp and hopefully we will not just remain friends but find the time to continue assisting one another with our recovery process.

I have to say a very large "THANK YOU" is in order to all of those who were involved with this tennis camp. To all the volunteers, your passion and dedication will always hold a special place in our hearts and our recovery. Steve, M.A, Geoff, Cara, Spike, Keith and the other staff should be proud of what they do for today's veterans. You all give so selflessly of your time which speaks volumes. The San Diego Tennis Camp is ensuring that not just my generation of veterans is a well-adjusted generation of veterans but that all veterans regardless of which branch or where or when they served is not forgotten, and this is huge. As a veteran, of Iraqi Freedom, this means a lot to me. I want to thank you from the bottom of my heart for all the support you give our wounded warriors.

Once again thank you for what you do. Your Tennis program and the city of San Diego managed to ensure each and every one of us that attended this camp knows that our country loves us as much as we love it.
